## OBJECTIVE

Goal-oriented student and willing to learn. Looking for a challenging opportunity where I can grow professionally and personally.

## EDUCATION —

**Indian Institute of Information  
Technology, Surat, Gujarat.**

*BTech in Computer Science -  
9.52 CGPA - Expected 2023.*

**Gajera International School, Surat,  
Gujarat.**

*HSC - 93.2% - 2019*

**Gajera International School, Surat,  
Gujarat.**

*SSC - 10 CGPA - 2017.*

## KEY SKILLS —

Programming  
Machine Learning Enthusiast  
Web Development- Node.js & React.js  
Team Work  
Communication  
Dedicated and Passionate

## PROJECTS

**Restaurant website**

*Online food ordering and booking table restaurant website – responsive and fully functioning.*

**Event Manager**

*Small scale Event Management website – responsive web design . Worked with Node, Express, Mongodb, Authentication and Security.*

**Face Recognition Based Attendance Manager**

*Majorly worked on Database Management System with group of 4 Colleagues. Haar Cascade Feature used for Facial Recognition.*

**Object Detection Using Convolution Neural Net**

*Worked with CNN using Tensorflow and Keras. Single Object Detection was performed on Kaggle Dataset.*

## EXPERIENCES

*September – November*

**Project Internship • Intern • guided by Dr. Anil Kumar(IIRS-ISRO)**

*Working on SSD model for Object Detection and Segmentation on remote sensing high resolution images.*

[Certificate](#)

## CERTIFICATES

Machine learning course - by Coursera

Deep Learning Specialization - by Coursera

JEE Mains – 14025 AIR

JEE Advance -12368 AIR
